Industrial Refrigeration Spare parts

AMMONIA

Refrigeration Pump

We provides "HERMETIC" high performance refrigeration pump and spare parts from Germany

CAM2/3

CNF40-200

Impeller & Axial Fan

Gas Detector

We provides gas detection system for saving your life, your business. Our system are friendly to environment and refrigeration plants:

Portable TYPE.

Stationary Type

Gas Respirator

Gas Respirators is personal protective equipment for safe your life, We provides together with chemical cartridge suitable for your work as follows.-

Self Contained Breathing Apparatus (SCBA).

Full Face Respirators

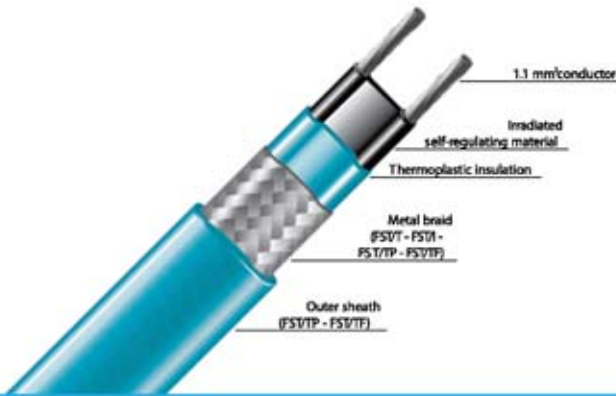

Half Face Respirators

Heater

Various Kinds of Heater for refrigeration and other industry such as:

Refrigeration Equipment

Various Equipment for all refrigeration system

Instrument

Digital, Analog instruments for use for refrigeration industry

temperature controller, timer & counter, sensor

Pressure Gauge

Compressor Equipment

We supply all "Spare Parts"
